

# HERITAGE 1984

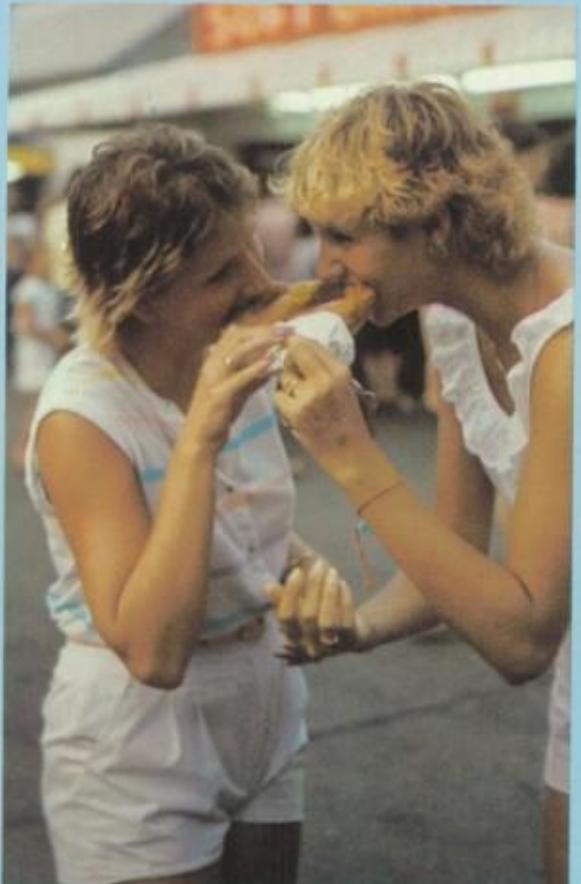

**THE HERITAGE  
of  
BOYD COUNTY HIGH  
Ashland, Kentucky  
1984**

Summer was the bright spot in our year. Many of us loved to dress up as a clown — and did at every opportunity. The water provided us with swimming, water skiing and boating. Many kids camped, hiked, golfed and sunned. Others played baseball and tennis. When they could find a summer job they worked, and then had summer fun!

Above: Swimming was always a favorite summer sport. Below: Jay Orndorff's hobby was flying model airplanes.

Above: Tom Johnson's three wheel car was a favorite with everyone. At left: Kevin Bowling's flowers required a lot of care. A summer day was a great day for a picnic with friends.

"We're No. 1?" said Sophomores Becky Keelin, Julie Prietzl, Kim Jenkins, Sheila Meade and Becky Johnson. Lynette Pennington completed the group.

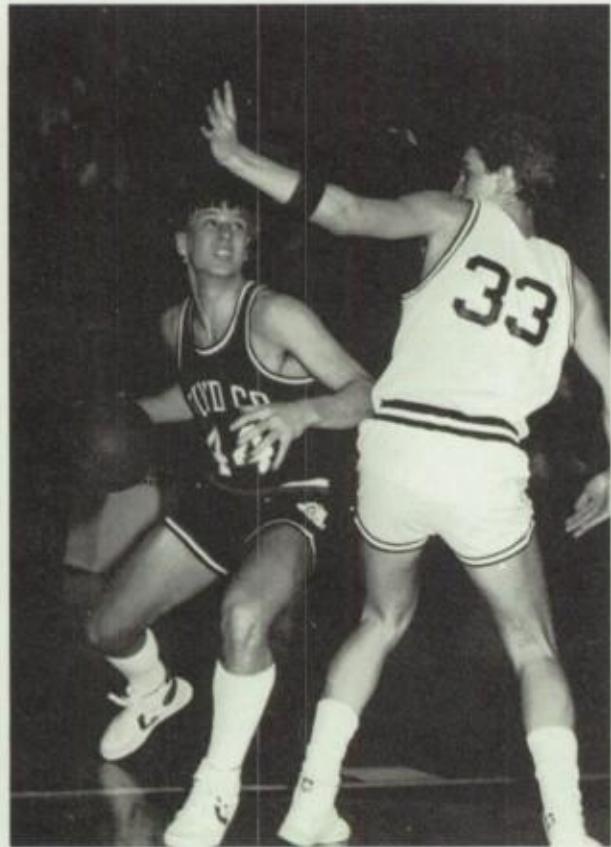

**FUN**  
**IS FABULOUS IN THE FALL.**

Club activities, cars, classes, football, games, parades, movies, pizza — so many things were fun in the fall.

One special happening in the fall was Mr. Keith MADDOX'S birthday. Just ask any Spanish Club member about it.

Jimmy Nichols learned to operate a computer

**BASKETBALL** was fun in Winter. But then, so was learning a new skill, dressing up for a dance and seeing the Governor.

Brad Taylor (top left) was Mr. Basketball at BCHS. Top Middle: Governor Martha L. Collins came to Summit Jr. High to talk about education. We had lots of snow and lots of fun in it.

Pete Fraley, Lee Ann Davis, Suzie Webb and Paul Boulay were royalty at the mid-winter formal.

Bill Nipp was surrounded by Ballard players at State.

It's  
Really  
Fun in  
the  
Spring

Holly Jones' 16th birthday

Rick was from Brazil.

Lisa Wellman cut the melon.

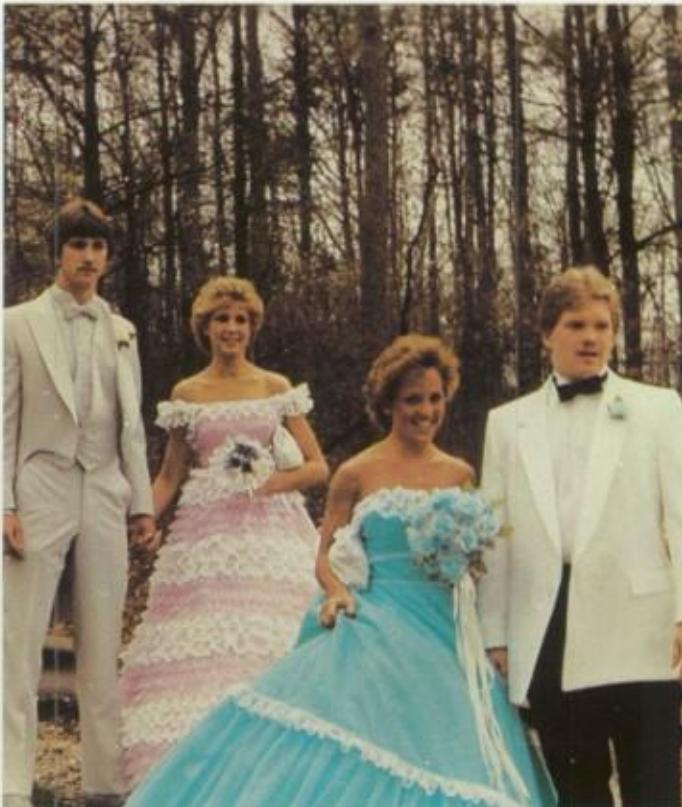

Mrs. Stoehr found another way to get balloons into the Heritage.

Doc Bayes, Lori Black and Keith Grubb worked in the training room.

Pete Fraley, Brad Taylor and Kenny Adkins watched the game.

Eric Walden, Lisa Thompson, Stephanie Fannin and Andy McAllister enjoyed the prom.

Chris Campbell and Kathleen Boyle enjoyed a spring outing.

## To Us From Finland Comes Hannele Toivola

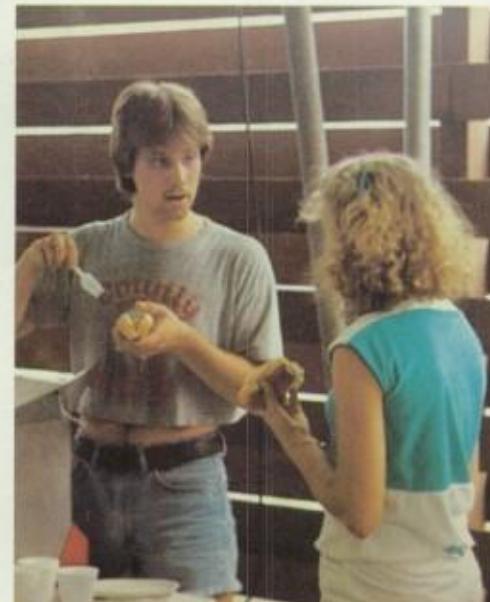

6th period Journalism class gave her a welcoming party.

David Salisbury chatted with Hannele

Rick Schneider got her a stuffed animal.

Tim Woods gave her a hot dog.

Camden Park was fun!

"Why do you burn those marshmallows?" she asked.

Carol Rice and her "brother" P.J. Grandey worked on Homecoming.

She loved King Island's Winterfest.

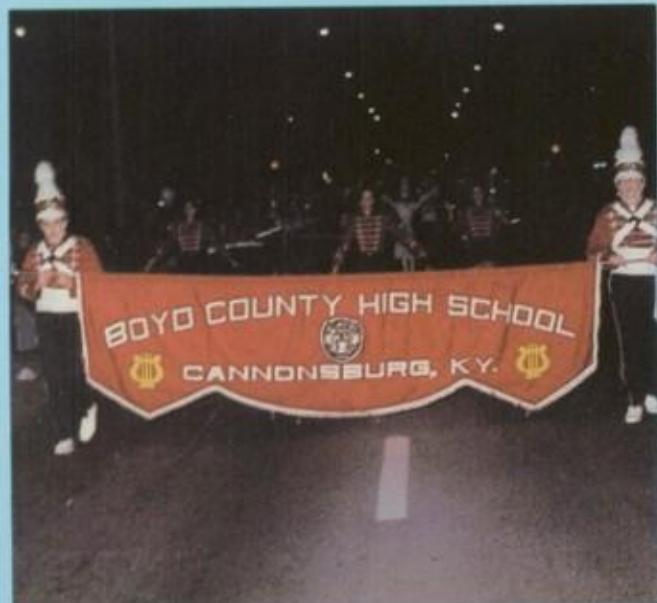

What we saw that first day was a petite blonde with long, curly hair. She didn't speak much, but when she did, the English was difficult to understand. She was Hannele Toivola and she was an Exchange Student from Finland.

We came to love her and to learn as much from her as she did from us. She was with us for ten months. And, when we spent those last hours and days in June with her we said good bye with lumps in our throat and tears in our eyes.

## THE BCHS BAND MAKES A

*Band members made a memorable trip to Orlando, Florida, in April to compete in the Great Southern Contest of Champions contest. While there they saw a space launch, visited the beach and Disney World.*

## **IT RAINED ON OUR PARADE!**

Talk about raining cats and dogs! It certainly came close on that Friday morning in October when the students of BCHS had their Homecoming Parade.

What to do? Should the parade be cancelled? Should it go on in the rain? Quite a few units were expected to participate and many of them were at the formation point and wanted to continue. Raincoats, umbrellas and plastic coverings were everywhere. It was decided to proceed. So, about 10:30, the parade moved out. Club floats, Coconut the Clown, clowns, the Homecoming candidates and community units all passed before the judges' stand in downtown Catlettsburg. The winner of the parade participation was the Thespians.

The Homecoming Parade was just one of the events of Homecoming Week.

Astra was declared the winner of the sheet contest; Stephanie Doolin was crowned Homecoming Queen and T.J. the D.J. was featured at the Homecoming Dance.

**SCHNELL! BEHALTE MEIN  
KÄSEBROT!  
TENEZ MON SANDWICH DE  
FROMAGE!  
APÚRATE TEN MI SANDWICH DE  
GUESO!**

You never know when traveling in a foreign country, it might be necessary to ask a native to "hold your cheese sandwich!"

Students at BCHS could choose as an elective a class in German, French or Spanish. Teaching these foreign languages were: Mrs. Joyce Triplett – German; Mrs. Jill Osborne – French; and Mr. Keith Maddox – Spanish. These teachers brought to life the culture and customs of the foreign countries. Students enjoyed foods indigenous to the countries and created cultural projects to help themselves better understand the people of these nations. Some of these projects were entered in the Kentucky Foreign Language Festival. Three years of each of the languages were available to students.

Middle: Tammy Bell, Paul Evans, Monica Adkins and Missy Clevenger looked at an oil painting done by one of the students. Left: Jason Patrick's model of an old Spanish mission was checked out by Tim Duncan and Joey Shumate. Top right: Todd Runyon, John Nipp and Chris Lang inspected their map of France to see that it was ready to submit to their teacher.

Top: Members of the Spanish classes invited their parents for an open house. Parents were taught basic Spanish — how to count and say simple phrases.

## **VARIETY of TALENT SHINES IN SHOW**

Kathy Boyle won first place, Laura McGlothlin second and Jeff Meeks third.

Kathy Boyle's song "How Am I Supposed to Live Without You."

Tony Revely sang.

Toivola did a rhythmic dance.

The Beach Girls were a solid hit. John Cotton was the Beach Bunnie bombshell.

Jeff Meeks did a solo and a duet with Laura McGlothlin.

# Mugs Make Money!

The sophomores took a different approach toward fundraising this year. Instead of using candy sales as their source of income, they decided to sell glass mugs. The glass collector's items sold well and the class raised \$1,400. which they put towards the Junior-Senior Prom.

James Gallaher, Camie Kersey, Janie Huntzinger, and Joey Shumate inspected the mugs before hitting the streets to sell them.

## Buddy, Can You Spare a Chair?

Believe it or not some students actually planned their fourth period class with lunch in mind. Reason: the cafeteria was so crowded that you had to be first in the lunch line in order to get a seat at a lunch table. Plans for enlarging the cafeteria were promised, but . . .

Justin Stewart, David Green, Steve Huff, Michelle Reynolds, Anthony Rice staked a claim for this table.

## PUMPING IRON

A new addition to Boyd County's curriculum was the weight lifting class. This class, taught by Coach Kevin Sergent, was one place where senior, junior and sophomore boys met on an equal basis. Weight building machines available to the students included the neck machine, leg extender, and the squat rack.

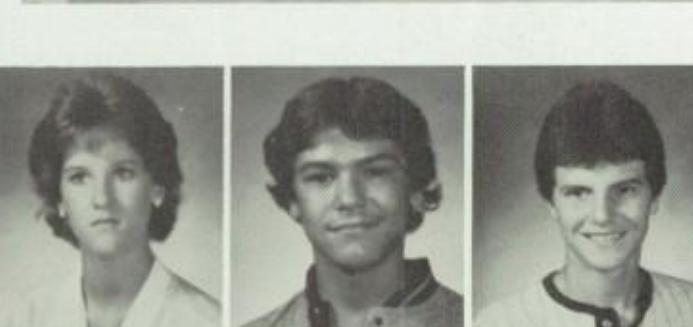

Don Bester worked out on the leg extender machine while Kevin Keelin waited his turn.

Many sophomores had their English class in one of our relocatable units. This type of classroom was not new to most of the students, because they have been used at all the other county schools. However, new this year was all the construction that went on outside these mobile classrooms. The school's water treatment plant was being relocated from one side of the campus to the other, causing students not to be able to get to the relocatables. Thus, the classrooms, students and their teachers had to "float" to temporary locations.

A group of sophomores worked in Mrs. Addy Ashby's classroom.

# WOMEN'S LIB PULLS THROUGH

"Chauvinist pigs" were few in number in the class of '85." The obvious reason? The Junior class elected a "full house" of female officers. Under the leadership of these girls and sponsors Sue Ann Wilhoite and Betty Jones, the Junior class raised over \$6,000 in magazine sales. The funds collected from the sale were used to help pay expenses for the 1984 prom held by the Junior class.

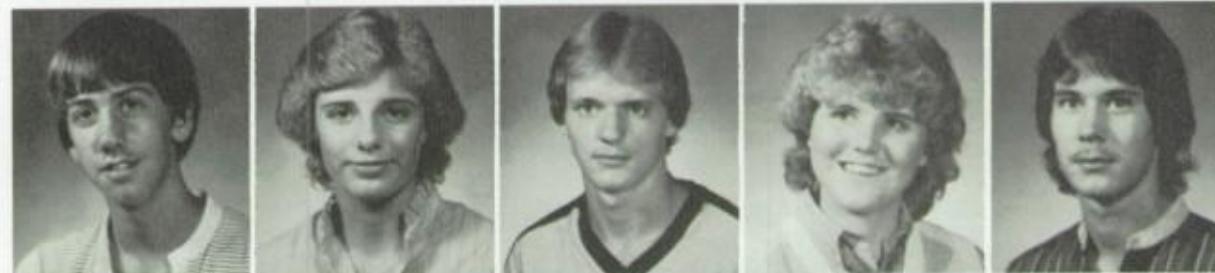

Officers were (l to r): Pres. — Melissa McKnight, V. Pres. — Kelli Kiser, Sec. — Laura McGlothlin, and Treas. — Julie Hackworth.

## CLASS Rings Are popular around BCHS

Rings . . . they tell their owner's high school status and also provide the guys with something to give to the girls. For whatever the reason, juniors couldn't wait to hear it announced that class rings were finally in!

Whether it had a crest, a sports figure, a semi-precious stone or a class motto it was immediately recognizable as a BCHS class ring.

## ANOTHER RAP SESSION?

One phone! Just one phone was available for students' use. A phone call cost twenty-five cents. It was the girls who were most dependent on the phone — often to the point of foregoing their lunch period to call that "special person."

Susie Prater and Vicki McGuire waited impatiently for Bobbie Horsley to get off the phone so they could get their turn to plug into the outside world!

## HARD AT WORK ON HER OWN FREE TIME!

Students often give up time for study hall in order to work as a student aid for a faculty member. If it weren't for the students, teachers and staff alike would have to do a whole lot of more work.

Teri Vanhoose sacrificed her 5th period in order to assist Mrs. Douglas by collecting absentees.

Emotions were flying high this year with many breath-taking and exciting moments.

Students shouted, "We're no. 1!"

Many juniors took typing 1 this year feeling that knowing how to type would come in handy when college time rolls around.

Mrs. Janice Sturgill looked on as Pat Billips and Mark Kazee checked their typing errors. Debbie Kilgallin used a duplicating machine.

Rick Schneider, president of the senior class, 375 strong, led the class of 1984 into their final year at B.C.H.S. ## BCHS Joins Computer Age

This year's Senior class was first at just about everything. This was the first year for the computer class to be counted as credit. (Also, it was open only to seniors.) Four computers lined the wall of Mrs. Kathy Miracle's classroom, while one more was in the commerce wing. Kids learned how computers work, basic programming, and word processing.

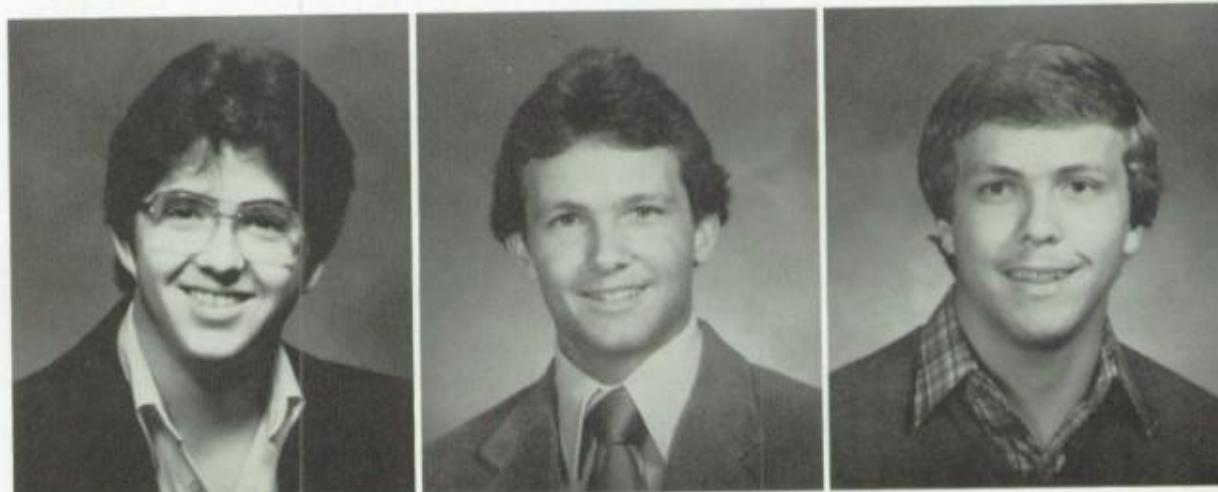

Robert Gunnell seemed to be hard at work on the computer.

## Triplets Graduate

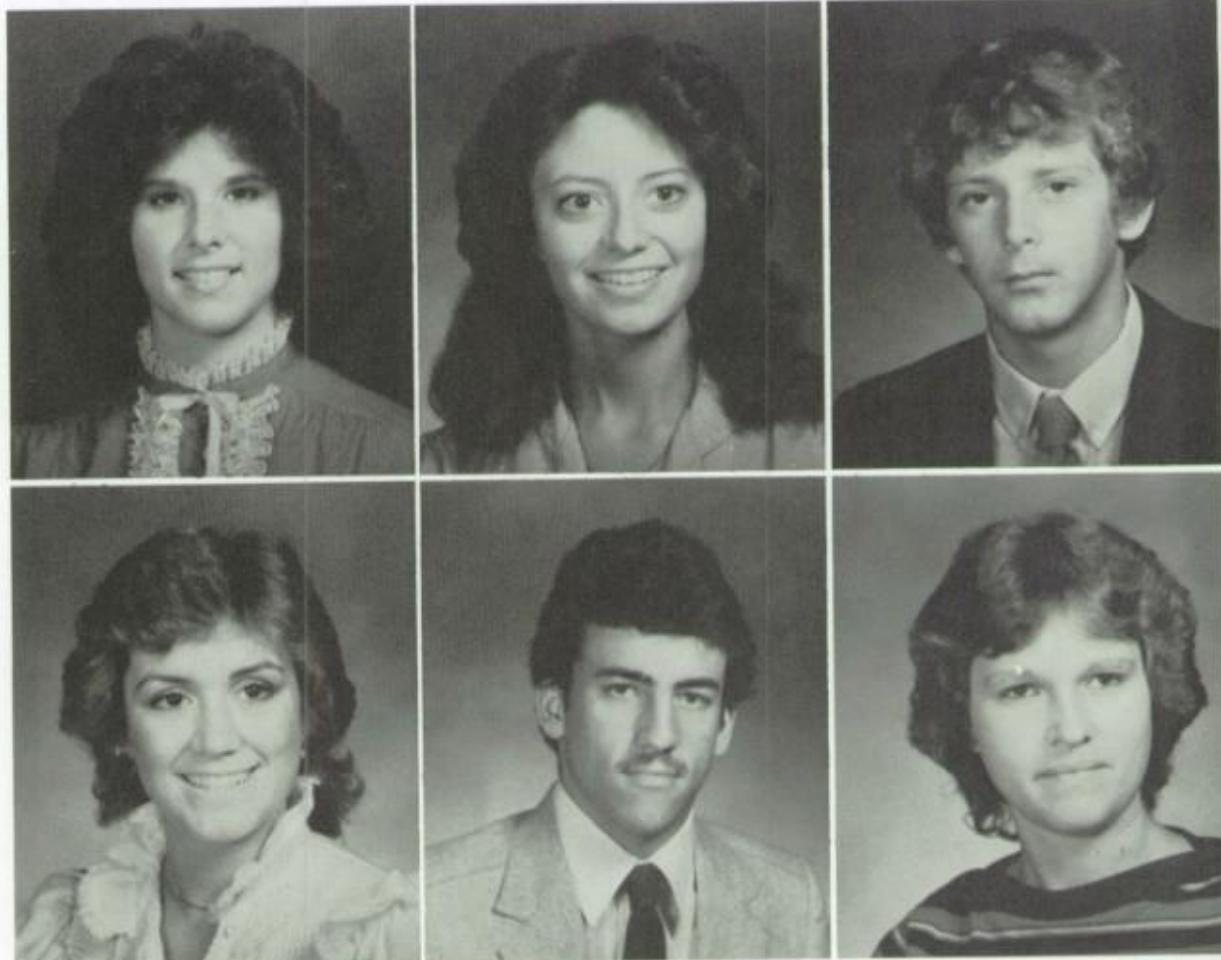

Peter, Paul and Mary are now high school graduates! The triplets were the first ones born in the Kings Daughter's Hospital in Ashland. Their names were chosen by their doctor who needed names for the tiny trio in case they did not survive. Each of the triplets has led an individual life, being in different school classes, dressing differently and pursuing different interests. The triplets plan to continue their vocational education.

Mary, Pete and Paul Rigsby commemorated a milestone in their lives.

## Winterfest Was Great at King's Island

Several seniors enjoyed a special Christmas holiday at the Winterfest celebration at King's Island. They ice skated, shopped, rode enclosed rides, saw stage shows, and nearly froze to death in the bargain because the wind chill factor was 15° below zero!

Kim Easterling, Debby Roark, Susan Davis, Hannele Towala and Lissa Wellman were joined by some King's Island residents.

## Our Gang Comedy!

These little rascals kept all of the teachers on their toes. Seldom a day went by that at least one of these guys didn't pull a practical joke. Only the thought of May 25th and graduation kept the teachers' sanity and these little rascals in school.

## MUSIC IS PART OF LIFE

Music could be heard everywhere at B.C. The largest-ever Senior Class talent show drew music fans to see fourteen acts compete for first prize. The band traveled to Florida to compete in a gigantic competition and came out shining. The new-look choir (Scarlet Pride) went to Nashville to make a name for itself. Even while walking down Senior hall between classes, students could be heard humming popular rock, country and even preschool songs as they frantically rushed to beat the trandy bell.

## Two '84 Grads Are Governor's Scholars

Some of the sharpest teenage minds in the state assembled for five weeks on the campus of Centre College. Inaugurated by Governor John Y. Brown, the purpose of the workshop was to offer intellectual stimulation to super smart Kentucky high school students. While there the kids had instruction in science, math and computers.

Bonnie Bellomy and Robert Gunnell were our first two Governor's Scholars.

Trading cards to put in the Memories books has become a senior tradition at Boyd County.

## BOARD, DR. COLE MANAGE SCHOOL DISTRICT

These six men met the second Monday of each month at a public meeting in the office of the Superintendent, Dr. Douglas Cole. It

is the responsibilities of the five elected members to manage the affairs of the Boyd County public schools.

This year the new football field and track was completed, a project Board members had worked hard to finish.

Members of the 1983-84 Board of Education were: Seated l. to r.:

George Cooksey, Bill Green, Dr. Douglas Cole, Superintendent.

Standing l. to r.: Bill Adkins, Chairman, Don Smith, and Walter Black.

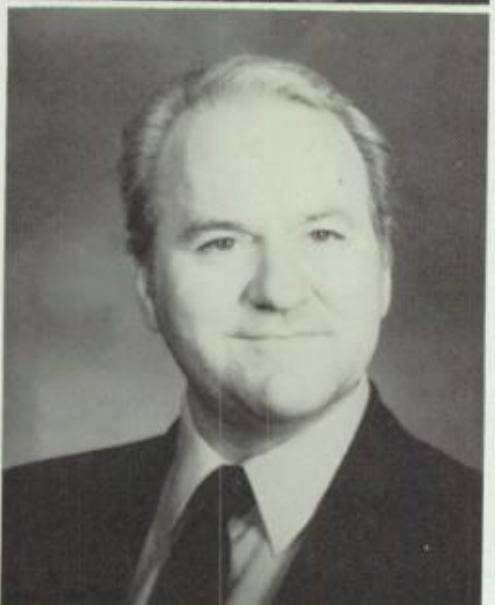

In his little red and white truck he rolled on to the school grounds about 7:30 every morning. Sometimes the day of James Hutchinson, Principal of BCHS, was over at 4:30 p.m., but sports activities, parent involvement meetings, and school related problems, often made the day last much longer.

In addition to overseeing the curriculum, listening to parent problems and dealing with student problems, he also had to entertain visiting firemen and keep up with new educational trends. Hutchinson was head of a faculty of 53 and a staff of 16. He earned his Bachelor's degree at Berea and his Master's at Marshall.

## It's Time For New Math Books

General Math, Geometry, Algebra, Trig ... The new math maybe old, the calculator has replaced the slide rule, but the abacus is still in! While the answer may remain the same, the way they are derived may change somewhat from year to year. After repeated use, books do take a beating, so new text books are always a welcome change.

Close Up, a non-profit, non-partisan educational foundation, was founded in 1971 to acquaint students with the federal system of government.

The fee was \$621.00 and each student said the trip was worth the hard work raising the money. Ms. Beverly Fielding was the school's teacher-coordinator; she and principal James Hutchinson accompanied the ten students to the nation's capital.

Ms. Fielding said it was the greatest experience of the career.

What male at BCHS did have the sexiest legs? Everyone was interested in the exciting contest. This project raised \$113 for the club. April brought a trip to Morehead University for the annual History Day. The theme this year was "The Family and Community in History." Many club members researched their family history and found among their ancestors scoundrels, politicians, romeos, and wheelers and dealers. Ms. Beverly Fielding was advisor to the club.

Or as spoken in the English language FUN! FUN! FUN! That's how German Club members described their club this year. The club, advised by Mrs. Joyce Triplett, kept busy by holding a Christmas party, attending a party at Marshall University, and a language festival at the University of Kentucky. To help raise money for the German Club scholarship, which was given to a senior who had taken at least one year of German and had been accepted to a college, the club sold stuffed animals. Pictured at left are president June Clarkson and vice-president Kelly Adkins discussing animal sales.

### VICA SPONSORS VO-TECH OPEN-HOUSE

In fall of the 1983-84 school year VICA had the first annual open-house. People came from all over the Tri-State area to see what kind of training the students at the Vocational School received. The instructors were there to answer any questions that they asked. Tour guides were on hand in every shop.

This year was sure promising to the Vocational School. The VICA club said that they had a very successful fund raising; they sold Drix products. The money they raised went to send students to the Regional skills which was held in March and the State which was held in April.

# Thespians ARE "ALL Fired UP!"

Members of Thespian Troupe 180 started their activities in mid August by introducing Finnish exchange student, Hannele Toivola, to Camden Park.

A watermelon jamboree was their social activity for October. In November, the group had a progressive dinner and in December, they honored Hannele with a Christmas party. To fund these activities the group sold M&M candies and had several bake sales.

Thespians were totally involved in the Homecoming activities. Their "clown band" won four of the six parade awards. The Thespians sponsored Homecoming dance was the most successful one ever.

Thespian members were Row 1, l to r: Campbell, Patrick, Pace, Brown, Nipp, Row 2: Davis, Toivola, Senters, Shivel.

In the theatre, an angel is someone who provides financial support for a play or for a performer. Since Thespian Troupe 180 is associated with the theatre, they have the right to have angels, and this year they have had quite a few!

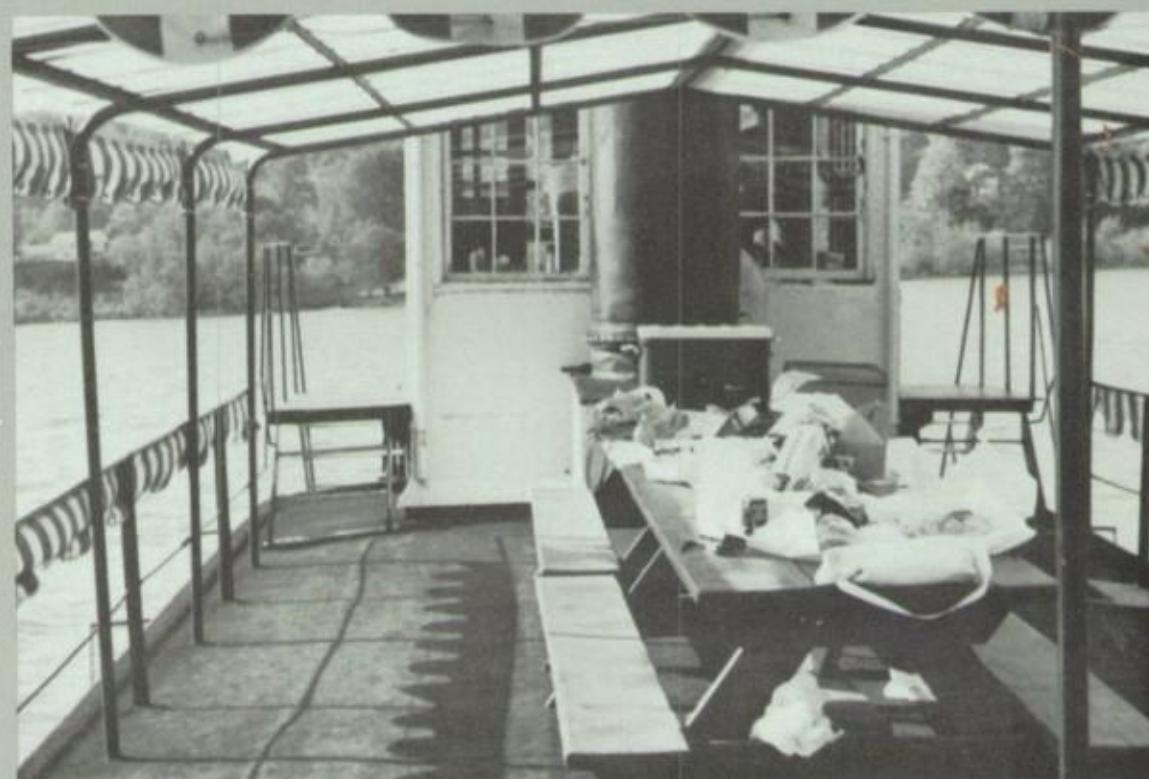

Clarence and Joyce Boggs, Jill's parents, provided the truck for a hayride and Halloween party which was held at their Grayson Lake camp. They also supplied a truck for the clown and kazoo band to use in the Homecoming parade, and they arranged for Thespians to have a boat ride in May on the *LADY LOIS*. The *LADY LOIS* was a featured performer in the television show *THE MISSISSIPPI*.

Scotty and Rick's parents, Mr. and Mrs. Ron Schneider were two more of our angels. They were one of the stops on our progressive dinner and also provided the place for our Christmas party.

Kelly Mosley's mother, Susan Davis' parents, Stephanie Fannin's folks were also stops on our progressive dinner. The family of Debbie Roark braved a slumber party the girls had for Hannele and also served as one of the stops at the progressive dinner.

Mr. David Bayes drove our Homecoming parade truck and helped us in many ways.

Other parents helped us with food and time and encouragement. We are so lucky to have such great angels!!

Thespians enjoyed the trip on the *LADY LOIS*

## SEEMS LIKE OLD TIMES

The Lions' football team, under the direction of second year coach Mike Jupin, put on an old but very welcome face this season. They also won the 64th district title over their archrival Ashland Tomcats. The Lions went on to play in post season play. It was the first time in four years. ## **SPORTS MEDICINE IS VERY IMPORTANT**

Under the guidance of Head Trainer David Bayes, injured athletes were given medical treatment and first aid to restore them to their playing status. The trainers worked along with "Doc" Bayes at games and practices. BCHS sporting events often overlap, and when "Doc" Bayes was at one event, trainers covered others. Each trainer was responsible for officiating at a certain number of games and practices. The trainers had a class together every day in which they learned about all kinds of injuries and how to treat them. The trainers studied about athletes and nutrition and about athletes and drugs. They were certified in CPR and emergency aid. There were 14 trainers in the program.

# How do you choose a bank?

It's one of the most important decisions most of us make. Certainly, you want a secure place for your savings. First Bank has been in business since 1888. In fact, we've been in business longer than any other bank in the area. That tells you a lot about the way First Bank is run.

You also want service. First Bank's five convenient locations put banking within minutes. Automated teller machines are there to serve you day or night. Our services range from loans and savings programs to our popular BanClub.

We think you'll agree: Choosing a bank is as easy as choosing First Bank.
